5. Citizens Desiring to Address the Board

Three speakers completed the necessary steps to participate in today's Board meeting.

Carlos Ojeda, Faculty Representative, shared his support of the Trustee's vision and Dr. May's implementation of this vision in helping to make things equal helped faculty in the classroom. He shared that there was more time to pay attention to the little things the students needed in the classroom.

Dr. Erin Kelly was the second faculty speaker who also came in support of the Board and to speak on key issues to support student success. She shared that these contracts would not only support faculty but students and the institution. She shared well-supported professors had resources, time, and stability to maximize their potential. Kelly advised that these contracts would also offer job security and help Dallas College maintain and attract faculty and compete with faculty that had tenure. She believed measures should be in place to hold faculty accountable and asked that the Board to consider the new policy on faculty contracts as the faculty evaluation task force made recommendations on best practices for evaluation of faculty. She reported that the second issue to consider was the many procedures faculty face. Kelly advised that they needed support and clear communication from senior leadership to maximum their potential to help students; the schedule for Spring 2022 had caused stress and confusion. Kelly reported that controversy had risen over the reduction in online courses taught, consequently creating less time and energy for faculty to devote to their students. Kelly shared that faculty asked to be included in decisions relating to pedagogy so they can use their expertise to enhance student success. She stated that faculty believed Dallas College had stressed the focus on making data-driven decisions, where the emphasis seemed to be on quantitative data, but believed faculty could help fill the gap in student success.

Scott Bryers welcomed the new trustee and shared that he had been resident of District 1 for 28 years. He shared that he grew up as a lot of Dallas College students do –single parent family and grew up in the heart of central north Dallas in poverty. Bryers shared that he graduated from Dallas College and was standing evidence of the value of a Dallas College education. He went on to state that he was giving his full support to the Board of Trustees, the Chancellor and Executive Vice Chancellor. Bryers shared that he knew implementing a plan would not been completed without ongoing enhancement and correction, nor would it be implemented flawlessly every

step of every day but appreciated the Board's patience as everyone works together supporting the mission that was set before us.

6. Chancellor and Board Announcements

1. Announcements from the Chancellor

Chancellor May thanked faculty for speaking to the Board. Dr. May shared these same sentiments were shared in the application submitted to the Board by Gretchen Williams. Dr. May commented that he was very excited to have her on the Dallas College Board of Trustees for her strong commitment to education and to her community. Dr. May went on to say that this was evident throughout her life serving on many boards, her family helping build one of the nation's largest supermarket chains and her commitment to collaborate and support the mission of the college. The Chancellor shared that Williams' priority to make higher learning accessible to anyone and everyone in the community who sought this opportunity to achieve their educational goals was just one of the many priorities and commitments she would bring to this board. Dr. May ended with condolences for the passing of her late husband, Dallas businessman, JL Sonny Williams, and that he was grateful for her to be able to continue his legacy of work and hers as well.

2. Announcements from the Board Chair and/or Trustees

Chair Bravo thanked all the employees who came to speak to the Board and valued hearing from all employees. Bravo advised that as employees returned from the pandemic, she wanted to thank all faculty and employees who remained focused on serving the student through it all. Bravo asked "What is the mission of Dallas College other than to transform lives and community through higher education?" Bravo believed from the small group of faculty that had a counterview to the direction that Dallas College the Board, and had received anonymous letters and correspondence questioning some of the Board's decisions.

Although questions had been raised about the leadership of the Chancellor. Bravo spoke on behalf of the Board stating they believed in the vision the Chancellor carried out for Dallas College and they stood behind him. Dallas College was transforming lives and the Board was out in the community every day speaking to constituents and hearing the good that Dallas College was doing. Bravo stated that they were seeing the positive outcomes in the transitions to One College. She spoke on improvements that would be implemented through this transition. She acknowledged his decision to retire next year and that he would be transitioning to Chancellor Emeritus in the

Spring which was a title that is very customary in academia for a retired chancellor. Bravo stated that there had been comments made about his salary and shared that he would be helping us for the salary of \$1per year. Bravo reported that Dr. May would continue to assist Dallas College and transition the new Chancellor, Dr. Justin Lonon, and as they worked together through the Spring when Dr. Lonon officially becomes Chancellor on September 1.

Bravo commented about the rolling three-year contract and stating the discussion was not a new topic but did not mean the Board was not supportive of faculty. Bravo shared that this discussion was just something that was needed and understood that change was hard. Bravo thanked faculty for their dedication and commitment through the transition.

Trustee Boyd shared that as a new board member, he had been able to observe the tremendous opportunity that Dallas College affords veterans in our country. Boyd reported that each one of our campuses had outstanding centers and veterans had proven to be tremendous employees. Boyd stated the Workforce Development teams worked toward elevating veterans through training and acquiring new skills. Boyd reported one of the activities he was planning in conjunction with Dallas College, the City of Duncanville and the Rotary Club, was to host a Veterans Resource Fair. The purpose was to highlight to all veterans the resources that were available beginning with education as the primary emphasis, but to also include veterans' health benefits, mortgage benefits, and assisted living just to name a few.

Trustee Flores reported that she would like to add to what Chair Bravo stated previously and thanked the Chancellor for the leadership he provided Dallas College. Flores commented that not only were we important to Dallas County but believed we are important to North Texas and to this country. Flores also reminded everyone that the Board was the one who made decision on the new direction as they were out in the community and heard the good, the bad and the ugly from the constituents; stating it was time or a change. Flores also went on to say that no organization could stay the same for over 55 years and expect to get the same outcome from today's students, realities and skilled workforce that was needed.

7. Receive and Discuss Initial Assessment Regarding Whether Redistricting is Required for Board of Trustees Districts Considering the New 2020 Census Data
Presenter: David Mendez, Bickerstaff Heath Delgado Acosta LLP

Delgado Acosta advised he was here along with David Mendez to report on the initial assessment of the districts and whether redistricting was required.

David Mendez stated he would be reporting on the results of the assessment of the 2020 population for Dallas County and the Dallas College districts to provide information about the balance among the population of the various single member districts. Mendez reported that the Dallas College must undertake this assessment every decade to rebalance the Trustee districts. Mendez advised that in reviewing the numbers, that there had been a tremendous amount of growth in the county as well over 245,000 individuals who were added this decade to county count which was slightly slower than at the State pace. Mendez reported that Texas was the fastest growing and largest state in the country growing at a 60% rate with the college districts growing at about a 11% rate. Mendez shared that Dallas County was growing at a good pace but not as fast as the rest of the state. Mendez commended an article from the "New York Times" written by an economist and author on Economics and reviewed how the sort of eight million people that were added to Texas over the last two decades, grew by 4 million people this decade and 4 million people as a state the last decade. Mendez also shared of these individuals who were moving into urban areas like Dallas, 90% of them were people of color so there had been a tremendous shift in the demographics of Texas.

Mendez advised that the Board adjust districts that protects people of color which were subject to the Voting Rights Act and there were obligations under section 2 that apply. Mendez also advised that Anglo society had protections under the 14th amendment but there were limits on how we used race and must balance these principles and changes in the law. Mendez shared that when redistricting occurred and changes are adopted, changes would need go to Washington for pre-clearance under Section 5 of the Voting Rights Act so the department could pass on whether change was made in a non-discriminatory manner. Mendez advised that in the one person, one vote obligation, each of the seven districts must be roughly the same size but do not have to be mathematically equal in population, however needed to be within a deviation from each other of 10%. Mendez gave an example of how to equate the districting. He shared that the data was derived from the PL 94.171 nfile delivered to the State of Texas back in August.

Mendez advised that since the districts are single-member districts, the college had worked hard to make sure its's cognizant of the obligations it had to the citizens, and then draw on changes in the districts to protect those various groups. Mendez advised to very considerate as they modify the districts to avoid discrimination against protected groups but rather ensure the clear purpose of this was to align Trustee districts and territories with member constituency groups and where enrollment was derived. Mendez showed a previous districting map from Harris County which drew the maps based on racial gerrymandering which was in violation of the 14th amendment along beside one that was drawn correctly allowing for all necessary guidelines.

Mendez reported communities of interest such as neighborhoods or school districts are important factors when those constituents elected a representative. He reported that existing districts would be used as a basis to draw the new ones following the population in the census and protecting the minority groups.

Mendez advised that this was the initial assessment and would give the Board time to review and then discuss it at November 9 work session. The plan was to have a public hearing before the second work session which would allow the Board to hear from constituents. Mendez advised any further modifications could be made since candidate's filings began in the middle of January. He advised that these changes would be made as the terms for each member expired.

Mendez shared a map advising the ideal district size for each district was the population divided by seven for 373,363 in each of the districts. He reported that surprisingly the county grew in a very balanced way with only two districts basically out of balance. District 2 and District 6 were the two mainly affected. Mendez advised that it was possible to fix all of this by moving five precincts at the top end towards Carrollton into District 6 adding 40,000 population there with predominantly Hispanic districts. He shared that this fixed the imbalance among the trustee districts and to move one precinct where it touched District 2. He reported that this would get the imbalance under 10% (it would be 8%) without any adverse voting rights issues. There may be other compelling changes to make to these territories. He shared that they had five clients so far that were imbalanced including Tarrant County next door. He advised that if anyone would like to see the school districts

8. Consent Agenda

Trustee Zimmermann advised she had questions on 8.2-a and wondered why there had been no discussion by the Board, and document stated that Trustees Ritter and Boyd were the ones who brought it forward.

Trustee Boyd reported that as new budget chairman and learning the new process, he asked for a meeting with the prior budget chairman to review the process and discussed the topic, thus there was a meeting but not a collaborative effort. He reminded the Board that the item was listed on the agenda the previous month and no board member had brought up any questions.

Zimmermann advised that knowing Dallas College had been reorganized, to carefully consider that the Board would increase approval for a \$400,000 contract to someone who could only previously approve a \$250,000 contract.

John Robertson advised that there was a request to raise the limit. He shared that due

to the organizational structure, there were people with different levels of authority and various levels of signing which usually rested on the chancellor. He shared that with most contracts, the Provost could sign off at the \$400,000 level which might not be a contract for procurement of goods. He pointed out that the analysis showed moving to the \$400,000 was an appropriate level for an organization our size.

The vote was taken, and the motion passed.

Educational
Sanctions

Educational sanctions are designed to include developmental and restorative activities related to specific acts of misconduct. These sanctions take into account a student's learning style and stage of development, as well as the unique factors of a given situation. Educational sanctions may be assigned independent of or in conjunction with administrative sanctions.

1. Reflective Activity— An assignment designed to help students reflect on their decisions and identify strategies to prevent recurrence. Examples include, but are not limited to: writing assignments, letters of apology, completion of an assigned online module, research paper, and/or reflection paper on assigned readings, videos, or assessments. POLICY ITEM – FIRST READING NO. 7.2.

Approval of Amendments to Policies Concerning Term Contracts – DCA and DMAB (LOCAL)

Although state law does not preclude the College from offering multi-year contracts, there is no statutory requirement for the College to offer rolling three-year contracts. The practice is not only inconsistent with that of other community colleges, but also creates a vested property right that is virtually perpetual, while limiting the ability of the College to be nimble, flexible and responsive as the needs of students, the community and programming prerogatives change.

As a follow-up to the October 4, 2021 Board meeting discussion regarding faculty evaluations and contracts, and to ensure Dallas College policies relating to term contracts are consistent with statutory requirements and aligned with our peer institutions, the Chancellor recommends the Board amend DCA and DMAB (LOCAL) as follows.

The policy amendments, if approved, will apply to those contracts first issued after the effective date of the policies. Contracts issued before the effective date will run through their current term, subject to the terms and conditions provided therein.

LOCAL POLICY

DCA – Term Contracts

EXPLANATORY NOTES

Revisions to policy provide that administrator and faculty contracts will be issued in accordance with law and College policies and administrative procedures, as promulgated by the Chancellor. Further revises policy to allow for the provision of multi-year contracts, for a term of up to three years, as determined by an enhanced evaluation process. As revised, any renewal of the contract will be for a term of one year unless otherwise provided by the College.

DMAB – Non-Renewal

Revisions to policy clarify the terms under which notice of non-renewal of a contract will be provided and the procedural protections that accompany such notice.

General Provisions

All term contracts shall be in writing on a form approved by the ~~Board~~Chancellor, setting forth the length of the contract and other terms and conditions of employment. ~~The Chancellor, upon recommendation of the appropriate staff, shall recommend contracts for approval.~~

The terms of employment of such personnel must conform to policies in this manual concerning compensation, workload, benefits, and the like. Personnel so authorized shall be submitted to the Board for ratification at the earliest practical time.~~

Unless expressly authorized elsewhere in this manual, no employee has the authority to offer or promise to offer a contract of employment to any person without authorization from the ~~Board~~Chancellor. Nor shall any person expect to receive a contract of employment until the ~~Board~~Chancellor authorizes the contract and the appropriate personnel execute such contract. Neither renewal of employment contracts nor other employment procedures or practices shall give rise to an expectation of continued employment beyond the term of the contract or a belief in de facto tenure.

Administrative Personnel

~~Administrative contracts shall normally be issued for the fiscal year. Contracts may be issued for periods of less than 12 months, based upon length of service required.~~Administrative contracts shall be issued in accordance with applicable laws and College District policies and administrative procedures, as promulgated by the Chancellor.

At any time after the completion of the first year of a three-year contract, an administrator with a three-year contract term, having been evaluated by the Chancellor and upon recommendation of the Chancellor, may be offered a successor three-year contract at the discretion of the Board.~~

Unless an employee on an administrator contract is otherwise notified by the Chancellor or a designee in accordance with applicable laws and College District policies and procedures, and before the expiration of the contract term, the employee will be employed by the College District for a successive term of up to one year, subject to a written, approved and executed contract being timely filed with Human Resources. The position and terms of employment for the successor term will be determined by the College District in its sole discretion and included in the written contract. In no event will any contractual employee have any property right to or expectation of continued employment with the College District beyond the term of their contract or any successor contract.

A. Board Self-Assessment Summary

Presenter: Perla Molina

- Trustee Jameson stated that everyone (Trustees) had a copy of the summary and was overall very positive feedback. He saw that there was a need for additional training/coaching and opened up the discussion to any of the Trustees to share their thoughts.
- Trustee Flores identified that the section "Education and Training" was an area the Board had been consistent on. She asked if the

Board would be willing to dedicate specific-ongoing-designated time to do appropriate training.

- Trustee Jameson stated that there was opportunity and suggestions of doing a quarterly-based training through AACCC but believed focusing on the lower-scoring areas would be beneficial.
- Trustee Compton asked if there was a copy of the survey results to share on the screen and if it was shared with the public. Molina confirmed that a copy was shared with all Trustees but not with the public as it was not on the agenda. Trustee Flores added that the survey had some confidential information, but the results weren't being kept secret.
- Trustee Jameson confirmed the summary was general with no specific indications; it's solely based on the five-point system. He expressed the option to share with the public due to the meeting not being an executive session. He did not mind showing the questions and results on the screen for public view. He found five questions that were low scoring and wanted to address those specifically; however, the rest of the survey was overall positive.
- Trustee Jameson identified one 11.10 of discussion as "respect the role of the chancellor as the link between the Board and staff." It was a low-ranking question that should be discussed. Molina shared the self-assessment summary report and results on the screen.
- Trustee Ritter agreed that the results were positive overall, and the results should be shared publicly. Ritter had a concern of what would be done with the results, as well as the purpose of some of the questions, such as "Board members do not listen to each other." Ritter stated that the Board could benefit from additional training built into the schedule and reviewed with the annual strategic plan.
- Jameson believed the Board overall was in a strong place and requested Molina to compile a list of training opportunities such as conferences. Jameson stated that he believed it would also provide a time of reflection for each Board member to consider their relationship with the Chancellor and the staff.
- Trustee Flores agreed that, overall, the Board had a well-balanced working relationship. Differences of opinion were healthy. Discussions happen, decisions were made, then they all moved forward. Flores highlighted that due to COVID, the Board couldn't be amongst the community, which affected how the public felt. The public expressed that they'd like to hear from their elected officials—this was something to consider. Flores confirmed that she would be communicating more with District6 constituents. Flores also expressed that if the Board did not feel strongly in specific areas and others felt the same, all needed to take note of it.
- Trustee Jameson stated that the Board did not have to stay focused on the low-ranked questions. It could be any area that someone felt should be brought up through continuous education. Jameson

wanted to be sure everyone was involved and proactive. Jameson asked if there were any questions or concerns. None were raised.

1. Dallas College Property Tax Review
Presenter: John Robertson

Chief Financial Officer John Robertson presented an overview of the property taxes and related definitions, rules and procedures. There were two components of the tax rate reviewed:

- Maintenance & Operation (M&O) – revenue for college operations and programs

- Interest & Sinking Fund (I&S) – revenue used to pay the debt service on Board approved debt

Two years ago, the state legislature created a new program which included the No New Revenue Rate (NNR) and the Voter Approval Rate (VAR). The NNR provides the same amounts of revenue based on current certified and prior year adjusted taxable assessed value. The VAR is the NNR multiplied by 1.08 (cap).

Dallas College proposed rate that was above the NNR but below the VAR, which required only one public hearing. Next year, the board would propose the tax rate at the August board meeting and at the September board meeting, hold a hearing and adopt the tax rate.

2. Redistricting 2021: Process and Guidelines Concerning Redistricting Following Release of 2020 Census Data

Presenter: David Mendez, Bickerstaff Heath Delgado Acosta LLP

David Mendez from Bickerstaff Heath Delgado Acosta presented the redistricting process with an overview of legal changes and policies. This firm represents Dallas College with districting and redistricting matters and was in the process of developing an initial assessment for Dallas College.

For the 2021 year, the redistricting timeline was about 100 days:

- September – Written report available by the end of the month
- October – Formal presentation of the initial assessment report
- November & December – Work Sessions and Board proposed plan would be available for public comment.
- January – Final plan must be adopted by January 19, 2022

In the past decade, Texas grew at about a 14% rate of increase and Dallas County grew by about 10%. The population expanded to 2.6 million with increases in diversity of the county by Hispanic and Asian population growth. A new multi-racial category encompassed 2% of the county population.

Dallas College trustees were elected from seven single member districts within Dallas County, so each district is considered 1/7th of the total number of persons in the county. Realigning the district boundaries allowed for a balance in the number of constituents, diversity in the district, and examines the voting strength of the district as well.

Trustee Boyd asked for a list of highly referred-to state demographers. David Mendez would get references to the Board.

 1. Fall 2021 Enrollment Update
Presenter: Marisa Pierce

Committee Chair Ritter noted that the Fall 2021 Enrollment update would be deferred to a future board meeting at the request of Chancellor May, due to time constraints.
 2. Faculty Evaluations and Contracts: A Dallas College Model
Presenter: Sherri Enright, Shawnda Floyd, Tricia Horatio

Chancellor May gave a brief introduction about faculty evaluations and contracts and introduced Dr. Floyd to present.

Floyd confirmed the faculty evaluation system had been the same since 1984. She explained that there was a group reviewing this system currently to ensure it was relevant and aligned with our current organizational model. Floyd mentioned human resources was engaged in an overall review of the performance evaluation process. She referenced faculty contracts being linked to faculty performance moving forward.

Enright reminded the Board members about their previous discussions on the new performance evaluation approach. She mentioned the current evaluation system was not based on performance-based competencies and the new evaluation would have performance-based competencies with relevant job-specific competencies, which would be tied to merit-based pay.

Chancellor May confirmed this would come before the Board for approval at a future meeting.

Enright explained job performance would be aligned with Dallas College mission, vision, goals, and incorporate the V2MOM process. She described the team identified included faculty who were working toward this goal.

Enright identified the plan for 2022: first quarter, identify core competencies with common and job-family related competencies; second quarter, receive input from key stakeholders and align; third quarter, bring new plan to the Board for review and approval.

Committee Chair Ritter asked if behavioral competencies had been defined yet and asked if it would be the same for all employees including administrators, staff and faculty.

Enright answered these were not currently identified and that the process would be a list that will be reviewed by the task force, Chancellor, the Board, and others who would work to identify the behavioral competencies.

Committee Chair Ritter asked if faculty would be giving input through the process.

Enright responded that faculty would be working on the performance-based process with all stakeholders having input on behavioral competencies.

Enright gave updated numbers of faculty as of end of August with 737 on three-year rolling contracts and 115 faculty on one-year contracts. She explained that the provision of three-year rolling contracts is unique to Dallas College. Enright introduced Tricia Horatio to discuss the aspects of the contracts.

Horatio walked the Board through three-year provisions for rolling contracts and described Texas Education Code 51.943 which was provided to the Board. She explained the difference for academic year, what the requirements of the code defined, and how Dallas College already meets and exceeds those requirements.

Horatio talked about the historical facts of the Dallas College three-year rolling contract and traced the records back to 1987, with a possible implementation in 1965. In summary, the current policy would allow for a faculty member who had completed three one-year contracts successfully, to be placed on a three-year rolling contract offered at the end of each year and would continue for length of the individual's employment only to be completed if terminated after a thorough due process hearing, retirement, or death.

Horatio shared what other colleges are currently offering their faculty compared with what Dallas College is offering.

Floyd commented that periodic review of the evaluation process that impacts faculty was a way for Dallas College to keep current faculty under contract and attract new faculty in the future.

Horatio explained the next steps would be to revise the two policies DCA and DLA for contractual policies based on current discussions.

Enright explained this process would get Dallas College in line with the contract timeline.

Committee Chair Ritter asked if each contract would have a different tool in their contract.

Chancellor May said that it would be a tool for all faculty.

Committee Chair Ritter asked if the evaluation tool is being designed by faculty and overseen by faculty.

Floyd answered leadership would be involved and eighteen faculty had been identified as part of the task force. She said there would be an aggressive timeline and SharePoint site available for all employee to access the work being done.

Chancellor May referenced their hard work and thanked the faculty council for their work on this issue. He confirmed the new process would align with where Dallas College was headed.

Trustee Flores talked about the student evaluations that were done at the end of semester which was not currently considered on the faculty evaluations. She wanted that addressed in this future evaluation process. Flores thanked everyone for responding to the Board with information about the three-year rolling contracts and shared her approval of removing the rolling three-year for many reasons. She stated that current three-year rolling contracts would be honored and would like to know what happened at the end of that contract.

Committee Chair Ritter thanked the faculty for being involved in this task force and the work surrounding the consolidation to one college. He described how the faculty was the group that worked with students and the importance to reward and maintain our faculty in this process. Committee Chair Ritter stated this was one of the most important conversations at the Board level, currently.
